

ARTWORK PREPARATION INSTRUCTIONS

We have Adobe Illustrator CS2, Photoshop CS2, In Design CS2, Corel Draw X3, Freehand 10, Xara Extreme and Flexi Sign 8.

Artwork created in these programs does not need to be exported into any other format. There are a few small details that need to be addressed in order to faithfully reproduce your artwork.

First, all text must be converted to outlines. Please do not include fonts.

Placed images should be linked (not embedded).

Include images.

The image resolution should be 200 dpi at full size. (*large files can use images 100 dpi full size when viewing distance is over 10'*)

email address for art is: psorg@akerssigns.com

Files over 5M should be sent on a CD or DVD disk.

Please call Peter at 1-888-456-6990 (*9-5 Mon-Fri*) for further assistance.
